

X-Treme Tape

MARS SERIES **932**

X-Treme Tape

Originally developed for the military, X-Treme Tape is a high quality wrap made from a special silicone compound that adheres to itself when wrapped under tension. 1"W x 10'L roll is packaged in a clamshell and sold in 18 count display cases. Great for emergency repairs of all kinds:

- No Adhesive, bonds to itself
- Cures into a homogeneous mass
- Won't melt up to 500° F
- Remains flexible to -60° F
- Forms a permanent air & water tight seal
- Tensile strength of 600 psi
- Insulates to 8,000 Volts
- Conforms to irregular shapes, stretches to 3x's its length

SERVICE & INSTALLATION

Circuit Protection Products

MARS SERIES **832**

Circuit Protection

The ZBreaker set from Zebra Instruments protects systems that you install or service from damage caused by shorts, overheating, or wiring problems. A sticker is included so that, if the Tech desires, he can inform his customer where to press the "reset" button and possibly save a midnight service call.

The same circuit breakers now found on many high-end transformers and systems, but at a great price! Kit includes wires and pre-installed terminals that allow you to easily plug it in to the connectors where a plastic-type fuse existed. 3 Amp Size.

The Short-Pro Tool is a 24 volt system "short-finder". This helps the tech locate a control voltage short. A built-in automatically resetting circuit breaker turns on a bright red LED when tripped. As the tech removes the short, the breaker automatically resets, the LED goes out, and the circuit is restored. Lightweight and compact, with two 18" leads.
