

TurboTorch®

Professional

Portable Performance

Torch Tip Tote...Set. Everything you need from the industry leader in air fuel torches. Take advantage of this exceptional value from TurboTorch. Whether you're brazing 3/4" with an MC tank or soldering 2" tubing with a B tank, TurboTorch has the right set of equipment to help you get the job done fast.

Both TDLX2003 kits feature an Extreme self lighting tip, an Extreme standard tip, an ergonomic handle with quick disconnect and a tank tote that conveniently stores the hose and additional tips. Choose between the MC or B kits, and immediately benefit from the flexibility these kits offer. Easily expand your soldering and brazing capabilities with additional self lighting or standard tips.

Turbo Torch Extreme Tips

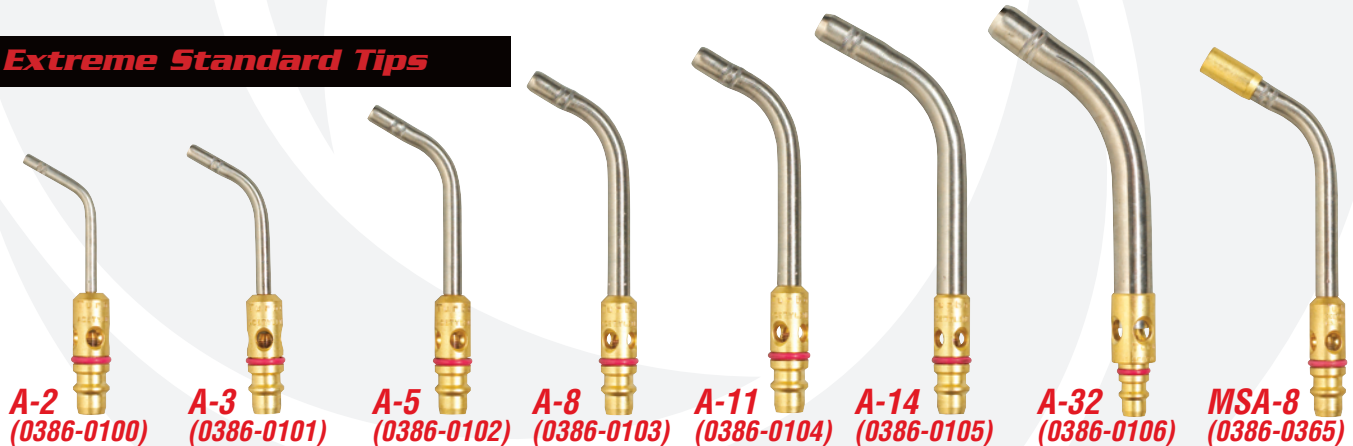

Expand the work range of your kit with additional tips. All tips feature the Extreme Swirl Technology and fit the G-4 handle. Available in standard or self lighting designs, the tips are color coded with red "O" rings for gas identification. Only TurboTorch tips feature an orifice screw that can be easily removed for simple cleaning, extending the life of the tip.
