

Large Diameter Round Rigid Pipe

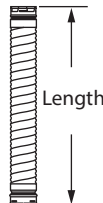

Type B Gas Vent systems may be used on other gas-burning appliances, when specified by appliance manufacturer. Type B Gas Vent is not used for Category II, III, or IV gas appliances, unless specified by appliance manufacturer.

To calculate installed length, subtract 1 1/2" (for 10"-16" diameter) and 1 1/8" (for 18"-30" diameter) from each connection of vent. A 1" clearance (air space) to combustible materials must be maintained. 18"-30" diameters are built to order and can not be returned.
