

## Accessories > CUTTING WHEELS

## **NEW** Ultra Thin Cut Off Wheels

## **FASTER CUTTING** 20% Thinner Than Most Competitor Wheels.

Zirconia Aluminum construction makes these wheels ideal for ferrous metals including stainless steel

Ultra thin design requires less energy for improved battery life when used with cordless grinders

**Ultra Thin Cut-Off Wheels** 

	Destille
C-ditte	

- . .032" thick for faster cutting and reduced material waste
- · For making cuts in metal and stainless steel pipes, sheet, and channel

• Most versatile wheel for light metal grinding, sanding and cutting

Warning: Consult owner/operator manual and adhere to all safety precautions for accessory items. Always use recommended guards. Failure to do so may result in serious injury or death from exploding wheels. Refer to ANSI B7.1 and owner/operator manual for proper accessory mounting and grinding procedures. Álways wear eye protection that meets ANSI 287.1 requirements plus a face shield wherever possible. Tools must always be properly guarded.
